

# 2023 Visitor Release, Medical Reporting, & Hold Harmless (during camp session)

## UPDATED 9/27/2023

We ask that you please complete this form prior to your visit. If you answer YES to any of the symptom screening questions below, we ask you to re-schedule your visit.

All visitors and guests at this time need a negative COVID test which we can do onsite when you arrive, or we can mail you an at home antigen test. Vaccination against COVID-19 is not needed.

While onsite, mask wearing (surgical or N95) is optional unless you have been exposed to COVID 10 days prior to your visit. If you have been exposed you will need to wear a mask when indoors for 10 days after exposure, according to current PHD guidelines.

We encourage frequent hand sanitizing and handwashing.

The Painted Turtle Camp and its employees, directors, volunteers and affiliates (“The Camp”) are pleased to have you as a guest and welcome you to visit and enjoy our beautiful camp and its facilities (“the Campgrounds”). We take great pride in the campgrounds and do our best to ensure a safe environment for our campers, staff, volunteers and guests. However, we cannot prevent all accidents or encounters with nature that may occur. Indeed, the campgrounds are located in a rural environment that has a small lake and is teeming with wildlife such as snakes, spiders, coyotes, etc. Additionally, we stable horses on the campgrounds, and there are many man-made structures that could result in a trip or fall or other injury. In order to provide our friends and guests access to the campgrounds, no liability whatsoever can be accepted by The Camp, or any of the organizations or persons connected with The Camp. Further, it should be understood that although we have a limited medical facility on the campgrounds, it is set up for the treatment of our young campers, and not for our visitors. As such, we generally will not provide medical treatment to our visitors. Accordingly, no visitor will be allowed to visit the campgrounds until this form has been read, understood, and completed by the visitor (if he/she is 18 years or older) or by the parents(s) or guardian(s) of a minor. Although The Camp and its staff make every reasonable effort to avoid injury or accident, the undersigned acknowledge and accepts the inherent risks involved in, among other risks, visiting a rural area and being exposed to high temperatures and various wildlife; walking on uneven terrain; being around horses kept at the campgrounds; and, potentially slipping and falling on man-made structures.

In consideration of the privilege of being allowed to visit the campgrounds, the undersigned, as self, or as parent(s) or guardian(s) of the undersigned minor, hereby agrees to release, defend, indemnify and hold The Camp, its officers, directors, trustees, agents, employees, representatives, successors, and assigns harmless from all manner of liability, loss, cost, claims, demands, and damages of every kind and nature whatsoever, including but not limited to reasonable attorneys’ fees, the undersigned or said minor may now or in the future

have against The Camp, its officers, directors, trustees, agents, employees, representatives, successors, and assigns, on account of any accident, damage, injury, or illness, physical or mental condition, known or unknown, to the undersigned or said minor, or the treatment thereof arising as a result of, or in any way connected to acts or incidents occurring at or related to the campgrounds or The Camp, its officers, directors, trustees, agents, employees, representatives, successors, and assigns, including but not limited to their negligence or gross negligence in operation of the campgrounds. This release and hold harmless shall not apply to intentional or willful conduct by The Camp.

I understand that as a condition of visiting The Painted Turtle, I give The Painted Turtle my permission and approval to use my image, name, biographical information, and/or audio recording as part of its fundraising efforts, advertising, publicity, promotion, or any other use.

I understand and agree that photographs, video footage, and statements of me may appear in any media format now known or hereafter invented including, but not limited to, print materials (e.g. brochures, letters, posters, camp albums) videos, emails, online presentations, and/or social media without compensation. I hereby grant permission to The Painted Turtle to share my image, name, biographical information, and/or audio recording with their respective affiliates including, but not limited to, SeriousFun Children's Network, Inc., health partners, corporate partners, and authorized news media. I hereby waive any right to inspect and approve the uses to which it may be applied. Nothing herein will constitute any obligation of The Painted Turtle to use any of the above rights.

Please answer the following YES/NO questions as they are symptoms or indicators of potentially contagious diseases. This will enable us to minimize the introduction of contagious diseases to our campers/staff when camp is in session.

We require that visitors over 18 years of age self-report and visitors under 18 years of age self-report AND provide proof of the below immunizations\*.

Your host and our Medical Director may be in contact with you if there are any follow-up questions.
