- Have a minimum developmental age of 5 years.
- Be able to function and participate in a group setting.
- Able to communicate needs independently.
- Can be without family members for the duration of the camp session (summer camp).

## The following conditions are served during this session:

- Hemophilia including with inhibitors
- von Willebrand Factor Deficiency
- Thalassemia
- Diamond- Blackfan Anemia
- Aplastic Anemia
- Rare Genetic Platelet Disorders
- Documented factor deficiency for females

## About The Painted Turtle

17000 Elizabeth Lake Road  
Lake Hughes, CA, 93532

Located in Lake Hughes in the foothills of the Angeles National Forest, The Painted Turtle is a place where children with serious medical conditions celebrate just being kids! Innovative, camp-based programs offer a dose of fun and support to children with more than 120 different medical conditions each year. As a member of Paul Newman’s renowned SeriousFun Camps, The Painted Turtle has served over 140,000 children and their families since it opened its gates in 2004.

## The Well Shell

The Well Shell is our 24-hour, state-of-the-art medical center. When campers visit the Well Shell, they aren’t isolated from Camp fun — the walls are painted with murals, games are always on hand, and staff are trained to put smiles on campers’ faces! Physicians and specialized medical professionals are ready to care for campers around the clock. Parents can rest assured their children will receive the finest medical care while at The Painted Turtle!
