

# The Painted Turtle

a seriousfun camp founded by paul newman

It's Summer 2019!

A LOTTA  
LOVE

This summer, Camp is celebrating what the world needs now more than ever: "A Lotta Love!" At The Painted Turtle, love can be found all around. Campers show love by bringing big smiles to each other's faces. Counselors show love by cheering on campers as they try new things. Our supporters show their love through their generosity that maintains our programs. What unites us all is our love for one another and love for our Camp community. It is endless and inspires all we do! It's our hope that everyone who visits The Painted Turtle can always carry with them... **A Lotta Love.**

## Family Weekends

We just finished our Family Weekend season, when children with serious medical conditions and their families come together during the fall and spring to connect with others who have faced similar challenges while making new memories and enjoying traditional camp activities. For campers Lourdes and Diana and their mother Nicte Mack, Family Weekends are unlike any other time of the year. They do not have to worry doctors appointments or accessibility, instead they can focus on building bonds with each other and the other families while having a blast! "Camp has been life-changing to us... absolutely," says Nicte.

## Welcome, Medical Solutions!

Our campers' experience at The Painted Turtle is possible because of an advanced level of medical supervision provided by a diverse team of medical professionals. To meet this need we have partnered with one of the nation's top traveling nurse staffing companies, Medical Solutions! This partnership ensures our campers receive the exceptional care they need and depend on during their time at Camp.

Please join us in welcoming our 2019 summer team of Medical Solution nurses, Domonique and Monique hailing from our home state of California, and Whitney from the green hills of Tennessee! Without the support of Medical Solutions and other medical partners and providers, Camp would not be possible. Thank you Medical Solutions! Tune into our social media channels this summer to find out more about these incredible nurses.
